SUMMARY

Frontend Developer with 1+ year of hands-on experience building responsive, high-performance web applications using React.js, Next.js, and TypeScript. Specialized in translating Figma designs into clean, reusable components with strong focus on performance, accessibility, and scalability. Experienced in API integration, state management, and collaborative development environments. Actively seeking a Frontend role where I can deliver real product impact.

TECHNICAL SKILLS

- Languages:**

 - JavaScript (ES6+), TypeScript, HTML5, CSS3
- Tools:**

 - Git, GitHub, Figma, REST APIs
- Frameworks & Libraries:**

 - React.js, Next.js
- Concepts:**

 - Responsive Design
 - Component Reusability
 - Accessibility (a11y)
 - API Integration
 - State Management
- Styling:**

 - Tailwind CSS, Bootstrap, Styled Components

EXPERIENCE

- Frontend Developer Intern

Cura Health Care

05/2025 - Present

 - Converted Figma designs into fully responsive React components with pixel-perfect accuracy.
 - Integrated REST APIs to display dynamic data across multiple pages.
 - Developed reusable and modular components to speed up development.
 - Collaborated with senior developers in code reviews and UI/UX improvements.
- JavaScript Instructor

OGS Company

08/2022 - 09/2022

 - Taught core JavaScript concepts including variables, functions, loops, and DOM manipulation.
 - Designed hands-on projects and quizzes to evaluate student progress.
 - Mentored students during final graduation projects and presentations.

EDUCATION

- Bachelor's Degree - Commerce

Higher Institute of Management and Computer Studies
- 09/2021 - 06/2024

PROJECTS

Banking Dashboard — React.js, TypeScript

- Built a responsive banking dashboard with clean, modern UI and reusable components.
- Applied component-based architecture to ensure scalability and maintainability.
- Achieved 96+ Performance score on Lighthouse
